## 7135-588 Electronic Unit Injector Control Valve Technical File

### 1. 7135-588 Electronic Unit Injector Control Valve Introduction

#### 1.1. 7135-588 Electronic Unit Injector Control Valve Basic Information

| Title | 7135-588 Electronic Unit Injector Control Valve E3 Series | Quality        |
|-------|---|----------------|
| SKU1  | Y1B50007135588  | Original New   |
| SKU2  | G1DR0007135588  | China Made New |
| SKU3  | Y1S14007135588  | Original New   |

#### 1.2. 7135-588 Electronic Unit Injector Control Valve Common Part Number

##### (1) Electronic Unit Injector Control Valve Application Information

| Electronic Unit Injector Part Number | OE Number |
|--------------------------------------|-----------|
| BEBE4D00001                          | 20484073  |
| BEBE4D00002                          | 20497849  |
| BEBE4D00003                          | 20510724  |
| BEBE4D00103                          | 20510724  |
| BEBE4D00203                          | 20547350  |
| BEBE4D00303                          | 20810168  |
| BEBE4D01001                          | 20517502  |
| BEBE4D01101                          | 20517502  |
| BEBE4D01201                          | 20547351  |
| BEBE4D01301                          | 20810171  |

##### (2) Electronic Unit Injector Control Valve Part Number Common Writing

7135-588

#### 1.3. 7135-588 Electronic Unit Injector Control Valve Specifications and Dimensions

Electronic Unit Injector Control Valve Size: 5cm\*4 cm \*3 cm

Electronic Unit Injector Control Valve Box Size:10 cm \*7 cm \*6 cm

Electronic Unit Injector Control Valve Packaging Size: 26 cm \*10 cm

Electronic Unit Injector Control Valve Net Weight: 0.15kg

Electronic Unit Injector Control Valve Gross Weight: 0.2kg

Electronic Unit Injector Control Valve Quality: Original New/China Made New

MOQ: 4 Pieces

#### 1.4. 7135-588 Electronic Unit Injector Control Valve Quality Control

##### (1) Electronic Unit Injector Control Valve Testing

All electronic unit injector control valve spare parts are tested for electrical characteristics, accuracy,

high temperature, low temperature, withstand voltage, leakage, durability, and various working conditions.

## (2) Electronic Unit Injector Control Valve Inspection

The factory inspection of the electronic unit injector control valve is undergone full inspection, random inspection, and batch inspection three inspections. Different brands of test benches are used to test the same electronic unit injector control valve for a total of no less than three times for factory inspection, and the electronic unit injector control valve installation testing environment are progressed in dust-free workshop.

## (3) Electronic Unit Injector Control Valve Assembling

During the assembly of the electronic unit injector body and valve core, our company strictly adheres to the standard valve body and valve core clearance specifications to ensure that every control valve meets both factory and usage standards.

### 1.5. 7135-588 Electronic Unit Injector Control Valve Customized Service

**(1) Electronic Unit Injector Control Valve Customized Service:** Meet the customized needs of OEM manufacturers for control valve cores and bodies, customized valve body grooves, valve body coding and engraving, valve body QR code engraving, control valve packaging boxes, VCI rust-proof bags and labels customized, etc.

|  |   |  |  |
|--|---|--|--|
| 1  |   | 2  |   |
| Valve Body Coding Can Be Customized.         |   | Valve Body QR Code Engraving Can Be Customized |  |
| 3  |  | 4  |  |
| Control Valve Packaging Box (White Optional) |   | Control Valve Packaging Box (Blue Optional)    |  |
| 5  |  | 6  |  |
| Control Valve VCI Rust-proof Bag             |   | Control Valve Label 6cm*4cm                    |  |

**(2) Electronic Unit Injector Control Valve Customized Service Requirements:**

Customized electronic unit injector control valve cores are not less than **100 pieces**

Customized electronic unit injector control valve are not less than **100 pieces**

Customized electronic unit injector control valve grooves are not less than **100 pieces**

Customized electronic unit injector control valve packaging boxes are not less than **100 pieces**

Customized electronic unit injector control valve sales are not less than **100 pieces**

Customized electronic unit injector control valve engraving sales are not less than **100 pieces**

When the customized products involve the need of specify logo, the OEM manufacturer needs to provide trademark authorization and the sample of logo image file.

**⚠ Once the customized electronic unit injector control valve is sold, it cannot be returned or exchanged if there is no quality problems.**

**1.6. 7135-588 Electronic Unit Injector Control Valve Packing List and Package Size****(1) Electronic Unit Injector Control Valve Spare Parts List**

| No.         | 1   | 2   | 3   |
|-------------|---|---|---|
| Image       |  |  |  |
| Name        | Electronic Unit Injector Control Valve  | Electronic Unit Injector Control Valve Packaging Box                                | VCI Rust-proof Bag  |
| Description | Electronic unit injector control valve part number: 7135-588                      | The control valve packaging box protects the control valve from impacts and damage. | VCI rust-proof bag for control valves   |

**⚠ Minors are prohibited from using electronic unit injector control valve assemblies, control valve clamps, control valve packaging boxes, and VCI rust-proof bags to prevent personal injury.**

**⚠ The electronic unit injector control valve packaging box and clamps are reusable accessories and can be reused.**

**⚠ VCI rust-proof bags are made of non-degradable materials and should be disposed of properly after use.**

**1.7. 7135-588 Electronic Unit Injector Control Valve Warranty Instructions****(1) Product Warranty Conditions and Instructions**

It is necessary to provide pictures, videos, or test reports detected by the electronic unit injector control valve inspection equipment when the electronic unit injector control valve is abnormal during use as evidence to feed back to the salesman.

Abnormal conditions are properly explained such as: 1. Smoke, 2. Engine shake, 3. Difficulty starting the engine, 4. Engine noise, 5. oil leakage etc.

**(2) Electronic Unit Injector Control Valve Warranty Coverage**

Within 15 days after customer receives the 7135-588 injector, if there is a performance failure and the product has no appearance damage, customer can choose to replace it or repair it;

If the 7135-588 electronic unit injector control valve has performance problems during the warranty period (6-12 months), and it is confirmed that it is product's problems after testing, you can contact our salesmen to replace the same model or a reworked product with the same performance for free;

If the electronic unit injector control valve house has obvious scratches, it can only be repaired and it will be returned as it is if the product is confirmed to be fault-free.

**⚠ Tips: For products not covered by warranty, our company can provide paid maintenance services. For products after paid repaired, the same performance problem will have a free warranty period within 3 months from the date of repairing.**

### **(3) Electronic Unit Injector Control Valve Out of Warranty Coverage**

- (1) Damage caused by human error during the assembly of the electronic unit injector control valve.
- (2) The warranty period has expired.
- (3) Electronic unit injector control valve working failure caused by high temperature, high pressure, humidity, rain and snow, saline-alkali land, earthquake, and used in abnormal environment.
- (4) Electronic unit injector control valve damage caused by man-made reasons (throwing, strong magnetic field magnetization, set fire).
- (5) Electronic unit injector control valve working failure or electronic unit injector control valve damaged caused by non-electronic unit injector control valve design, technology, manufacturing, quality and other issues.
- (6) Electronic unit injector control valve working failure due to system pressure exceeding system approved pressure.
- (7) Electronic unit injector control valve working failure caused by impurities (water, lead, aluminum powder, iron powder, sulfide) in the system fuel exceeding the standard requirements.
- (8) Electronic unit injector control valve working failure caused by not installing according to the tightening torque specified in the vehicle engine maintenance manual (the tightening torque is too large or too small).
- (9) Electronic unit injector control valve working failure caused by not following the installation angle specified in the vehicle engine maintenance manual.
- (10) Electronic unit injector control valve working failure caused by not following the cleaning requirements specified in the vehicle engine maintenance manual.
- (11) Electronic unit injector control valve malfunction caused by failure to replace wear parts as specified in the injector repair manual

#### **1.8. 7135-588 Electronic Unit Injector Control Valve Manufacturer**

**Electronic Unit Injector Control Valve Manufacturer:** Shenzhen Shumatt Technology Co., Ltd

#### **2. 7135-588 Electronic Unit Injector Control Valve Technical Support**

##### **2.1. 7135-588 Electronic Unit Injector Control Valve Technical Support Obtaining Methods**

- (1) Electronic Unit Injector Control Valve Technical File , visit <http://shumatt.com> to get the technical file.
- (2) Electronic Unit Injector Control Valve Technical Videos

**Facebook:** Visit <https://www.facebook.com/hison.li> to get the technical videos, constantly follow can get more information.

**YouTube:** [https://www.youtube.com/channel/UCByYBx7VjV\\_mAfxh\\_Hu-aw](https://www.youtube.com/channel/UCByYBx7VjV_mAfxh_Hu-aw) to get the technical videos,

constantly follow can get more information.

**Shumatt:** Visit <http://shumatt.com> to get the technical videos.

(3) Electronic Unit Injector Control Valve Information Query Software

TruckBook Parts EPC APP, Android/Apple App Store download and install, visit <http://shumatt.com> to get the download and installation tutorial

(4) Search The Electronic Unit Injector Control Valve test data through TruckBook Parts EPC APP.

## 3.7135-588 Electronic Unit Injector Control Valve Purchase and Delivery

### 3.1.7135-588 Electronic Unit Injector Control Valve Purchase Payment Term

**Payment Terms:** T/T, PayPal, Alipay, WeChat

**⚠ Please contact our salesmen for specific payment information.**

### 3.2.7135-588 Electronic Unit Injector Control Valve Main Sales Markets

electronic unit injector control valve main sales markets: Asia, Europe, North America, South America, Africa etc.

### 3.3.7135-588 Electronic Unit Injector Control Valve Declaration Requirements

Shumatt can assist customers to provide the following documents for import customs clearance: contract, invoice, packing list, bill of lading, insurance policy, certificate of origin, etc.

### 3.4. 7135-588 Electronic Unit Injector Control Valve Shipping Ways

**Destination in China areas:** SF Express, Debon Express, the corresponding logistics company can be provided according to customer requirements in special cases.

**Destinations out of China's areas:** DHL, UPS, FedEx, TNT air, ocean or other shipping methods required by customers.

### 3.5. 7135-588 Electronic Unit Injector Control Valve Lead time

**Lead time:** Send out within 3 – 7 working days after receiving payment ( Except for special products and special cases ) .

### 3.6. 7135-588 Electronic Unit Injector Control Valve Logistics Time for Destination Out of China's Areas

**DHL Logistics Time :**

| Country or Region of Departure | Hong Kong, China | Other Countries or Regions of Asia | Australia and New Zealand | Europe | America   | Other Countries |
|--------------------------------|------------------|------------------------------------|---------------------------|--------|-----------|-----------------|
| China's Mainland               | 7 Days           | 7 Days                             | 8 Days                    | 8 Days | 8-12 Days | 7-10 Days       |

**UPS Logistics Time: Country or Region of Departure: China's Mainland**

| Country of Destination | Estimated Arrival Time | Country of Destination | Estimated Arrival Time | Country of Destination | Estimated Arrival Time |
|------------------------|------------------------|------------------------|------------------------|------------------------|------------------------|
| Japan                  | 3 Days                 | UK                     | 5-7 Days               | Egypt                  | 5-7 Days               |
| Turkey                 | 5-7 Days               | Singapore              | 3 Days                 | Switzerland            | 5-7 Days               |

|             |           |             |           |                      |           |
|-------------|-----------|-------------|-----------|----------------------|-----------|
| Bahrain     | 5-7 Days  | Latvia      | 7-10 Days | New Zealand          | 7-10 Days |
| Sri Lanka   | 5-7 Days  | Thailand    | 3 Days    | Austria              | 5-7 Days  |
| Romania     | 5-7 Days  | Vietnam     | 3-5 Days  | Estonia              | 5-7 Days  |
| Malaysia    | 3-5 Days  | Israel      | 5-7 Days  | Mexico               | 7-10 Days |
| France      | 5-7 Days  | America     | 5-7 Days  | United Arab Emirates | 5-7 Days  |
| Italy       | 5-7 Days  | Netherlands | 5-7 Days  | Bengal               | 7-10 Days |
| Lebanon     | 5-7 Days  | Philippine  | 3-5 Days  | Greece               | 7-10 Days |
| South Korea | 3 Days    | Spain       | 5-7 Days  | Myanmar              | 5-7 Days  |
| Canada      | 5-7 Days  | Germany     | 5-7 Days  | Saudi Arabia         | 7-10 Days |
| Portugal    | 5-7 Days  | Australia   | 5-7 Days  | South Africa         | 7-10 Days |
| Denmark     | 5-7 Days  | Belgium     | 5-7 Days  | Ukraine              | 7-10 Days |
| India       | 7-10 Days | Qatar       | 7-10 Days | Poland               | 5-7 Days  |
| Indonesia   | 3-5 Days  | Morocco     | 7-10 Days | Pakistan             | 7-10 Days |
| Kuwait      | 7-10 Days | /           | /         | /                    | /         |

▲ The logistics time is for reference only , subjects are according to the actual arrival.

### 3.7. 7135-588 Electronic Unit Injector Control Valve Packing

**Domestic express packaging:** Usually wrapped in waterproof scotch tape, such as picture No.1.

**International express packaging:** Wrapped with waterproof yellow tape After wrapping the black protective film, such as picture No. 2.

**Pallet Shipping:** Use fumigation free and recycling trays that meet export requirements, and use white wrapping protective film to wrap and bind with cable ties for the outside, such as picture No. 3, also, the products can be packaged according to customers' requirements.

▲ The packing tray is made of plastic and can be recycled.

▲ Transparent tape, yellow tape, black wrapping protective film, white wrapping protective film are non-degradable materials, please dispose of them properly.

▲ Minors are prohibited from using transparent tape, yellow tape, black wrapping protective film, and white wrapping protective film to avoid personal injury.

| No.   | 1                          | 2                               | 3               |
|-------|----------------------------|---------------------------------|-----------------|
| Image |                            |                                 |                 |

|--------------------|-----------------------------|---|---|
| <b>Description</b> | Wrapped by transparent tape | Wrapped with yellow tape after wrapping black protective film | Use pallet that meet export requirements, and use white wrapping protective film to wrap and bind with cable ties |
|--------------------|-----------------------------|---|---|

**Pallet Shipping:** Use pallet that meet export requirements, and use white wrapping protective film to wrap and bind with cable ties

#### **4.7135-588 Electronic Unit Injector Control Valve Storage Standard**

##### **(1) Choose a suitable storage place**

The warehouse and cargo yard where the electronic unit injector control valve is stored should be kept clean and dry, and away from the factory buildings that generate harmful gases and dust; do not mix with acids, alkalis, salts and other substances; the storage place should have a good drainage system; the cargo yard should be flattened with gravel or furnace ash etc. to enhance the water permeability of the surface layer to keep the reservoir area dry.

##### **(2) Strict requirements of warehousing**

Strict inspections should be carried out when the electronic unit injector control valves are put into storage, the surface cleaning work should be done well to remove water traces, oil stains, ash and other dirt, remove the rust and do anti-rust treatment in time. Packaged injectors must be protected from damage.

##### **(3) Keep the warehouse dry and preventing moisture**

The relative humidity is usually below 70% for the electronic unit injector control valves placed in the room, and the corrosion of the electronic unit injector control valves is significantly reduced.

electronic unit injector control valve s must be stored in the warehouse, and they are forbidden to store in the same warehouse with commodities with high water content.

##### **(4) Stack Properly**

After the electronic unit injector control valve is exposed to rain, the corrosion rate will increase significantly. The purpose of sealing is to isolate the electronic unit injector control valve from rainwater and humid air, so the warehouse window should be checked in time to avoid rainwater entering the warehouse

If the electronic unit injector control valve package is damaged, it should be repaired or replaced; when the package is damp, the packaging material should be dried; if the original anti-corrosion and oil applied at the factory is found to be damaged or dried up, it should be cleaned and re-applied oil in time.

- ▲ It is forbidden to leave the electronic unit injector control valve exposed in the air for a long time.
- ▲ It is forbidden to store acid, alkali, salt and other substances together with the electronic unit injector control valve.
- ▲ The unpacked electronic unit injector control valve must be rust-proof during secondary storage.

## 5. Company Information

### 5.1. Company Introduction

**Chinese Name:** 深圳市舒马特科技有限公司

**English Name:** Shenzhen Shumatt Technology Co., Ltd

 **Mob Phone/WeChat:** +86-13410541523

 **HK Telephone:** +852-67653519

 **Telephone:** +86-755-23215133

 **Email:** ruby@shumatt.com

 **Website:** [www.shumatt.com](http://www.shumatt.com)

 **Shenzhen Office:** 11-12, Floor 14, Building 13, Qinchengda Building, Exit A, Honglang North Subway Station, Bao'an District, Shenzhen, China's Mainland

 **Shenzhen Office:** Exit C, Qiao Touxi Metro Station, NO. 66 Chongqing Road, Fuhai Avenue, Bao'an District, Shenzhen, China Mainland

 **Hong Kong Office:** Jianfa Street Industrial Zone, Tuen Mun, New Territories, Hong Kong, China

 **After-sales Service Address:** Please contact our salesmen to obtain and provide the corresponding product maintenance reasons (Reference: [1.10. 7135-588 Electronic Unit Injector Control Valve Warranty Instructions](#))

## 5.2. Salesmen's Contact Information

| No. | Name                         | WeChat/WhatsApp | Email               |
